

TENT COACH: Tent/Stand Location Picture Submissions

As you heard in training, to assist you with another set of eyes, we will be utilizing our Picture Review process to help with your success & to make sure you have everything you were supposed to get.

How does it work: We have “Coaches” that will review a set list of items from your video or pics, helping to make sure you are LEGAL, SAFE & READY for *INCREASED SALES*. Your Coach will review & highlight anything missing or needing adjusted (including cardboard trash that Route Mgr needs to pick up, etc).
